Professional Profile

- I am a thoughtful individual with a strong inclination towards listening. This attitude allows me to quickly assimilate and apply new concepts. I am eager to put the theoretical skills acquired during my studies into practice, continuing to expand my knowledge, with the goal of growing professionally and bringing added value to the team I will work with.

Education

- Bachelor's Degree in Computer Science (Class L-31)** **Sep 2023 – Present**
University of Salerno *Fisciano (SA), Italy*
 - **Thesis:** Ongoing thesis on Visual Cryptography, supervisor Prof. Roberto De Prisco
 - **Exams passed:** Credits acquired: 157/180 – **Average GPA:** 26,10/30
 - **Relevant Coursework:** Databases, Algorithm Design, Fundamentals of Artificial Intelligence, Security
- High School Diploma in IT and Telecommunications** **Sep 2018 – Jun 2023**
I.I.S. "Basilio Focaccia" *Salerno (SA), Italy*
 - **Final Grade:** 100/100

Language Skills

	<i>Understanding</i>		<i>Speaking</i>		<i>Writing</i>
	Listening	Reading	Spoken Interaction	Spoken Production	
Italian	Native speaker				
English	B1	B1	B1	B1	B1

B1 Certification – University of Salerno, Academic Year 2023/2024

Soft Skills

Relational and Communication Skills

- Teamwork and collaboration:** Consolidated through university group projects where I actively contributed to the design and development phases, coordinating with colleagues in task distribution and code review. This attitude is also reflected in my musical experience: I play the guitar in the parish choir and occasionally with musicians outside the parish, contexts that require listening, adaptation, and coordination with different people.
- Communication and group management:** As the youth sector manager in Azione Cattolica (since 2023), I coordinate a group of teenagers aged 14 to 18, collaborating with other educators in the conception, promotion, and conduction of meetings and events. This experience has trained me to communicate clearly with individuals of different ages and backgrounds.

Organizational Skills

- Time and priority management:** Ability developed by balancing university studies with my continuous commitment to Azione Cattolica and regular parish choir rehearsals, contexts that require strict planning and meeting fixed deadlines.
- Autonomous learning:** I autonomously undertook the study of the ChordPro format and my musical instrument, later applying the acquired skills in a real-world context.

Technical and Professional Skills

Languages: C, Java [JDBC, Jakarta EE] (*Good*); Python [NumPy, Pandas, Matplotlib, music21] (*Basic*); R (*Basic*); HTML/CSS/JavaScript (*Good*);
Databases: MySQL (*Good*);
Operating Systems: Windows (*Excellent*); macOS [bash/zsh terminal] (*Good*);
Development Tools: Git/GitHub (*Good*); Docker (*Basic*);
IDE: IntelliJ (*Good*); Visual Studio Code (*Good*); NetBeans (*Good*); Eclipse (*Good*);
Documentation and Design: L^AT_EX (*Excellent*); StarUML (*Excellent*); Canva (*Excellent*);
AI Tools: ChatGPT, Gemini, Claude, GitHub Copilot, Perplexity (*Good*) – Use of structured prompts for development and documentation support, with autonomous validation of the generated output;
Other: AutoCAD (*Good*); ChordPro [digital musical notation] (*Excellent*); Arduino (*Basic*).

Projects

- **Audire** - [ gennarocarmine/Audire] 2026
Software Engineering Project - (UNISA)
 - Audire is a system that connects artists, casting directors, and production managers in a unified ecosystem, ensuring efficiency, traceability, and structured management of applications.
 - My role was the main project manager – I oversaw the entire development cycle: relational database design in MySQL, backend development in Java, frontend implementation in HTML, JavaScript, CSS, unit testing with JUnit and Selenium, and drafting of comprehensive technical documentation.
- **Guitar Tablature Generation (GTG)** - [ gennarocarmine/guitar-tablature-generation] 2026
Musimatics Project - (UNISA)
 - Individual project where I developed an automatic tablature composer in Python based on Genetic Algorithms (GA). The music21 library was used for manipulating symbolic musical structures and optimizing fingering.
- **CardHaven** - [ a-stefanile/TSW-Project] 2025
Web Software Technologies Project - (UNISA)
 - CardHaven is an e-commerce platform for collectible cards (Magic, Pokémon, Yu-Gi-Oh!, One Piece TCG).
 - Group project - where I handled documentation, contributed to the database creation process, and implemented specific sections of the platform on both the backend (Java) and frontend (HTML, CSS, and JavaScript).

Volunteer and Associative Experiences

- **AC Educator (Azione Cattolica)** Oct 2021 – Present
San Gregorio VII Parish *Battipaglia (SA), Italy*
 - Until 2023, I was involved in the Christian education of children aged 6 to 14. Since 2023, I have been appointed for a three-year term as the parish manager for the youth sector, guiding a group of teenagers aged 14 to 18 and working closely with other educators in the conception, promotion, and active management of meetings and events.

Hobbies, Interests, and Artistic Skills

- **Guitar and music:** I have been playing the guitar since 2021. I started by taking a few private lessons and later refined my musical skills and knowledge within the parish choir. Combining my passion for music with computer science, I learned to use the ChordPro musical notation format, actively contributing to adding songs to the Canti Cristiani app.

I hereby authorize the processing of the personal data contained in this CV in compliance with the Italian Legislative Decree 196/2003, as modified by Legislative Decree 101/2018, and art. 13 of EU Regulation 2016/679 (GDPR) for the purpose of personnel research and selection.

Battipaglia, July 16, 2026
